DETAILED ACTION

Response to Amendment

1. Applicant's August 10, 2007 request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 18-26 and 42-47 rejected under 35 U.S.C. 103(a) as being unpatentable over Finley et al., US 7,257,536.

Finley discloses, e.g. Figures 1-8, a personal digital portable device, e.g. 18, having a processor, e.g. 42, an input, e.g. 24, 62, a database, e.g. 34, and purchasing information enabling a user to purchase a full audio work, e.g. 58, 68. Finley does not explicitly disclose the processor internal to the device. However, it appears from the drawings that the processor, e.g. 42, is placed internally to the device, e.g. 18.

Nonetheless, to have provided a processor internal to the device for Finley would have been obvious to one of ordinary skill in the art. The motivation for having done such would have been a more efficient, safe, durable and compact device.

4. Further pertinent references of interest are noted on the attached PTO-892.

5. Applicant's February 5, 2007 amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
